Dear Mr. Sorenson:

The amendment to your notice that we previously serialized UTU-075847, was received on July 30, 1997 and has been accepted to include activities on mining claim numbers UMC-363403, located in NW/4, Sec. 14, T. 24 S., R. 9 W., SLBM. The serial number of the case file has not changed.

If you again change your operation from what is described in your notice and amendment(s), you are required to contact this office prior to the change. If your operation extends for more than one year, please advise this office on the status of your mining related activity on the anniversary date of your notice.

A copy of your amendment has been sent to the Utah Division of Oil, Gas and Mining (UDOGM); therefore, you will not have to file this notice with them.

Also, all mining claimants and operators intending to use, store, or divert water are required by Utah and Federal statute to notify the following agencies:

Utah Department of Water Resources  
1636 West North Temple  
Salt Lake City, Utah 84180-1203

and

U. S. Army Corps of Engineers  
Utah Regulatory Office  
1403 South 600 West, Suite A  
Bountiful, Utah 84010

You are required to report to this office, all hazardous materials associated with your operation along with information regarding their use, storage, transport, quantity, generation and disposal.

5/027/067

Information regarding hazardous materials can be obtained from the State of Utah, Department of Environmental Quality, Division of Solid and Hazardous Waste at:

288 North 1460 West  
Salt Lake City, Utah 84114-4880

You are required to contact the Department of Environmental Quality (DEQ), Emergency Response Section (ERS) at the Sections 24-hour response number (801-536-4123) immediately of a spill or discharge of hazardous substances.

If you are selling any minerals extracted during your mining activities, the U. S. Department of Labor, Mine Safety and Health Administration (MSHA) may consider your operation to be under its jurisdiction. We recommend you contact them at:

USDOL Mine Safety and Health Administration  
125 South State, Room 8220  
Salt Lake City, UT 84138

As required by 43 CFR 3809, Surface Management Regulations, reasonable measures must be taken to prevent unnecessary or undue degradation of public lands and reclamation is required at the earliest feasible time. Please notify this office upon completion of operations and reclamation so an inspection may be conducted on the site. Reclamation under this notice is required to conform to the standards of the Utah Mined Land Reclamation Act.

Acceptance of your amendment will not now, nor in the future, serve as a determination of the validity nor ownership of any mining claim included under your notice.

If you have any questions regarding this letter, please feel free to contact me at (435)743-3125. Thank you for submitting your amendment.

Sincerely,

Larry Garahana  
Geologist
